Memorandum

DATE: March 11, 2009
TO: CMA Board
FROM: Plans and Programs Committee
RE: Transportation Fund for Clean Air (TFCA):
FY 2009/10 County Program Manager Fund's Expenditure Plan Application

Action Requested

It is recommended that the Board approve Resolution 09-02, regarding the submittal of the Expenditure Plan Application for the FY 2009/10 TFCA County Program Manager Fund. The FY 2009/10 Expenditure Plan Application includes \$1,848,628 in available funding and reflects revisions made to the draft TFCA fund estimate to include new and relinquished TFCA revenue, and earned interest.

Next Steps

The Expenditure Plan Application is due to the Bay Area Air Quality Management District (Air District) by March 31, 2009, ahead of a detailed program of projects. A draft FY 2009/10 TFCA program of projects is scheduled to be considered by the CMA Board in April.

Background

The administration of the TFCA program has been revised so that the Air District now approves the total amount of TFCA funds to be programmed, not the individual projects. Following the approval of the FY 2009/10 Expenditure Plan, Program Managers will then subsequently provide a final program of eligible projects to the Air District.

The \$1,848,628 in the FY 2009/10 Expenditure Plan Application is composed of the following:

- New revenue for FY 2009/10: \$1,812,158
- Relinquished revenue from FY 2008/09: \$ 3,806
- Earned interest for 2008: \$ 32,664

Five percent of the \$1,812,158 in new revenue is set aside for CMA administration of the TFCA program, leaving \$1,758,020 available for programming to projects.

Financial Impact to the CMA

This programming action has no financial impact to the CMA. The TFCA funds included in this funding program are being made available by the Air District. Costs associated with the CMA's administration of the TFCA program are included in the current CMA budget.
